

Application No. 10/826,754  
Amendment dated August 16, 2005  
Reply to Office Action of December 10, 2004

**REMARKS:****Status Of Claims**

Claims 1-9 were previously pending. Claim 1 has been amended and claims 3-5 have been canceled without prejudice or disclaimer. Thus, claims 1, 2, and 6-9 are currently pending in the application with claims 1 and 7 being independent.

**Office Action**

In the December 10, 2004 Office Action, the Examiner indicated that claims 7-9 are allowed. The Examiner also indicated that claim 5 would be allowable if rewritten in independent form.

Claim 1 now recites "an altimeter comprising a barometric pressure sensor and operable to determine an altitude of the electronic device", thereby incorporating the limitations of claims 4, "a GPS unit operable to determine an altitude of the electronic device", thereby incorporating the limitations of claim 3, and "a housing for housing said altimeter and said GPS unit, wherein said device is operable to calibrate said altimeter while said device is in motion, and wherein calibration of the altimeter accounts for any dynamic changes of the altitude as determined by the altimeter and the altitude as determined by the GPS unit when the altimeter and GPS unit are moved in tandem", thereby incorporating the limitations of claims 5. Thus, claim 1 is now claim 5 rewritten in independent form, and therefore also allowable.

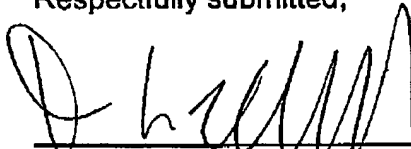

Application No. 10/826,754  
Amendment dated August 16, 2005  
Reply to Office Action of December 10, 2004

Any additional fee which is due in connection with this amendment should be applied against our Deposit Account No. 501-791. In view of the foregoing, a Notice of Allowance appears to be in order and such is courteously solicited.

Respectfully submitted,

By:
